AHomemadePlan.com

Who We Are:

A Homemade Plan is a locally owned and operated home care company that proudly serves Maryland. Our services assist seniors and people who have disabilities with activities of daily living. This allows our patients to remain safe and independent in the comfort of their own home. We recognize that it takes highly professional, caring and reliable Care Providers to achieve our goal of providing the highest quality home care services. A Homemade Plan holds high standards when screening Care Providers and puts each prospect through a rigorous interview process including background checks, an in-person Care Provider orientation, and a senior focused healthcare knowledge test.

All Care Providers are employees of A Homemade Plan.

Our Goal:

A Homemade Plan gives each patient our fullest attention. We started with the mindset of improving the quality of home care. This goal is still true today and we will continue improving our services to exceed your expectations. When you call A Homemade Plan you will be greeted by our friendly office staff and we will be here for many years to come.

Comfortable and Easy

"My Grandmother was very nervous about having someone in her home. The Homemade Plan team made her feel so comfortable and at ease. The health care worker and her became good friends and my Grandmother looked forward to their chats, lunches and time together."
-Jennifer W.
